

Lavender Eye Mask

[Material] Multifunctional silk, yarn and non-woven cloth by added lavender (Lavender is all along the nonesuch in drug plant. Fresh flowers have passed through dryness, disinfection and anti mould treatment. The dried flowers emit nature fragrance, which is the best air fresher.) and tourmaline fine powder etc

[Color] Modena

[Size] various specifications

[Main Efficacy]

According to the principles of biological effects of magnetic fields on the human body and the hot & damp resonance far infrared effects on human, the magnetic far-infrared eye mask manufactured by using far-infrared functional fabric and 2 pieces magnet, which can promote blood circulation around the eyes and improve micro cycle of brain organizations. For example of cell viability, the role of magnetic fields in the eye can be confirmed, and the nervous system can be regulated, so that it can raise daytime simple, quick thinking, and benefit on sleep at night, the elimination of insomnia, nightmares; it can promote metabolism, lower eye fat and blood viscosity synthetic, accelerate detoxification, beauty and improve eyesight, and do prevention and removal of wrinkle, bags under the eyes, hilarious, etc.

In addition, due to adding lavender, it can reach the following efficacy: relax headache & strain mood, and eliminate fatigue; Composedness, striking the eye and help to sleeping; Sweetness, deodorization and anti moth; Clean air.

Magnetic field intensity: 1300GS, the emissivity of far infrared ray $\cong 95\%$, and with some negative ion and antibacterial functions

[Application]

For who sleep discomfort, neurasthenia, the excessive use of the brain, using eye fatigue, eye drop, particularly suited to students, the elderly, white-collar worker, the computer communities and women eye beauty.

[Use Guidelines]

1. Wear correctly, so that the magnet is at eye basic corresponding acupuncture point.
2. For eye fatigue by using brain, it can wear goggles, each time 20~30 minutes recommended.
3. Wash it at temperature under 35 degrees, but not forceful knead.
4. Prohibited for those eye or brain hemorrhage, individual persons with magnet allergies.
5. Do NOT contact goggles with objects easy magnetized.
